INTENT OF POLICY

Walking Netball is netball but at a walking pace! This program is a modified version of netball that reduces the risk of injury while promoting a safe, non-threatening environment for play.

Walking Netball is a great alternative for those who feel they cannot play the traditional Netball format anymore, for anyone brand new to the sport or for those just looking for a fun and friendly way to play.

POLICY

The rules are played the same as the [International Netball of Rules](#).

Walking Netball is designed to reduce the risk of injury and falls to the players while promoting a safe, non-threatening environment for play, which is achieved through these modifications to the rules:

- You are not allowed to run or jump! Walking is required at all stages. It is up to the umpire to determine if a player is running rather than walking.
- Players get up to 2 steps with the ball for injury prevention not to gain ground
- You can hold possession of the ball for 4 seconds
- There is rolling substitutions allowed throughout the game
- Players may not play more than 2 quarters in the same position during any game
- 10 Minute Quarters

Further explanation of the Rules can be found [here](#). Please note the above rules have been modified at SNA.

Refer to the [Rolling Substitutions Policy](#) for explanation of the rules and procedures.

Penalty for rule infractions is a turn over, either footwork, held ball, contact etc.
